

Senior Kiddie Campus

Miss Amanda, Miss Mary Ann, and Miss Andy

The month of February sure did fly by; it's hard to believe that spring break will be upon us in just a few weeks. I know we are all looking forward to a time with no more snow and warm weather again. Thank you to all the parents that brought in a special card or treat for Valentine's Day. The children really got excited that they had a whole bag of goodies to take home.

I hope everyone enjoyed receiving their special valentine in the mail. During our Post Office week we learned how to mail a letter and the children were excited they had something for the mail carrier to deliver to their house.

Favorite Activity: The children enjoyed playing a game of Valentine Bingo during Valentine's week. As a letter was shown, if they had that letter, they put a dot on it. Once they had a row filled they could yell Bingo. This was a fun way to incorporate letter recognition and each letter sound into our theme.

During Dinosaur week we incorporated math concepts like measuring and counting when we measured how long a Stegosaurus was with a yard stick and a piece of string. This was exciting because the children were able to physically see just how big dinosaurs were. The children also enjoyed being Paleontologists looking for dinosaur fossils and eggs down in buckets of sand. They had to use tools to find the fossils. They used tiny brushes, shovels, rakes, magnifying glasses, and sifters.

Show and Tell: March 18/19 is show and tell. Please bring in 3 items that start with the letter "L" (to go with Leprechaun theme).

Themes for March: Grocery Store, Dr. Seuss, Leprechauns, and Open Exploration. During Grocery Week we will be asking for donations of empty boxes for our dramatic play area.

Spring Break: Just a reminder that spring break starts Monday, March 29. Class resumes on Monday, April 5 or Tuesday, April 6.
